

Working with you to provide the best level of care for your patients

**Referring Clinician's Guide
& Consultant Directory**
2025 - 2026

KINGSBRIDGE

Private Hospital Group

Where Luxury Care

Meets Medical Excellence

KINGSBRIDGE

Private Hospital Group

As the only private healthcare group to have hospitals in both the North and South of Ireland, Kingsbridge Private Hospital Group prides itself in putting patients at the forefront of everything we do!

Within our Referring Clinician's Guide, you will find useful information on how to refer your patient to Kingsbridge Private Hospital. Whether they are insured, self-funding or cross border patients, we have a seamless pathway in place to suit every patient type.

Kingsbridge Private Hospital Group offers

5-Star Facilities

using state-of-the-art technologies.

Your patient will gain access to

Hundreds of specialties and treatments

Health clinics including prostate screening, sexual health & menopause

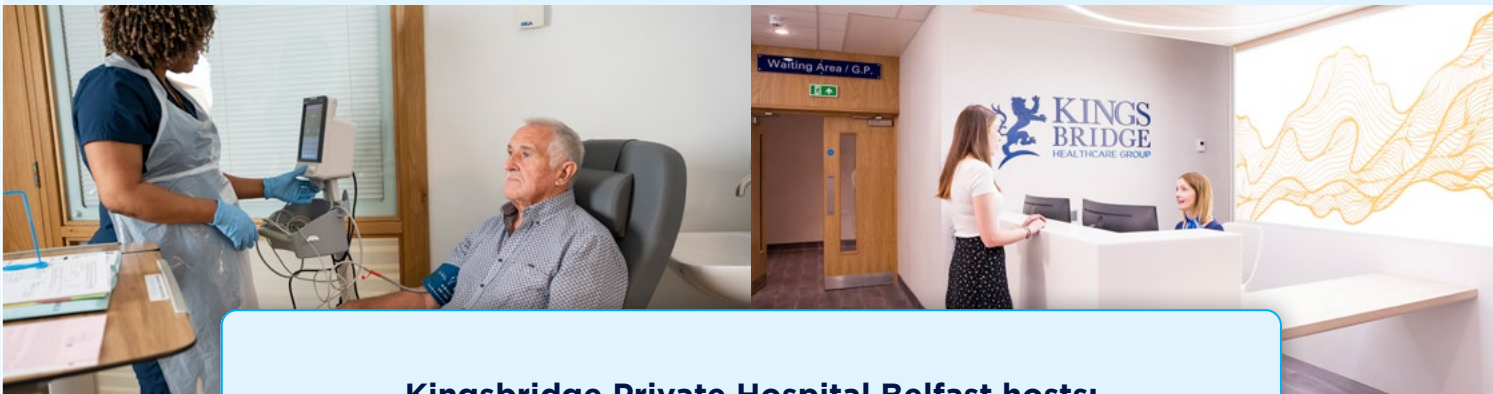

On-site diagnostic services including MRI, CT & X-Ray

Payment options including self-pay and insurance

Kingsbridge Private Hospital Belfast

Guided by the needs of our patients and their families, Kingsbridge Private Hospital aims to deliver the highest level of care with our 3 tenets of safety, patient focus, and efficiency forming the foundation of our approach.

- Tranquil and peaceful surroundings
- In-house Kingsbridge Kitchen
- Central sterile services department

Kingsbridge Private Hospital

Sligo

From outstanding medical treatment to sophisticated diagnostic and therapeutic care, our hospital in Sligo provides a centre of excellence for a range of treatments and procedures while working among some of the top Consultants in the North West. Kingsbridge Private Hospital Sligo is a Joint Commission International Accredited Hospital.

Kingsbridge Private Hospital Sligo hosts:

- 18 consultations rooms
- 10 private bedrooms
- 16 recovery beds
- Operating theatre
- Outpatients department
- Endoscopy Suite
- MRI facility
(in partnership with Alliance Medical)
- Patient car parking
- Diagnostic ultrasounds
- Central sterile services department

Benefits for your patients

Referring your patient privately to Kingsbridge Private Hospital will not only benefit your patient but will also save the HSE valuable money and resources to continue caring for others.

Arrange fast private treatment

Our hospitals have little or no waiting times, giving your patients rapid access to all our services and treatments.

Low infection risk

Patient safety is always our first concern. Therefore, we use evidence-based infection control practices and have the support and expertise of a suitably qualified Independent **Infection Prevention and Control Advisor with over 25 years' experience in the field.**

Choose your patient's Consultant

With over 400 leading Consultants covering specialties in a range of healthcare areas, you can feel reassured that you will be choosing the best for your patient.

A personal service from beginning to end

Our One2One advisors are available to assist your patient through their healthcare journey. Offering a complimentary service to answer any queries relating to our service offerings, prices and potential onward treatment or referrals.

Single, fixed price* treatment

After the initial consultation with your chosen Consultant, we'll quote an inclusive, fixed price* for all required treatment. Whether your patient is insured or self-funded, there will be no surprises once their treatment is complete.

*Fixed price is payable in advance of surgery date.
Please refer to our fixed price terms and conditions on our website.

How can I refer my patient?

Self-funded or Insured

Referring your patient to Kingsbridge Private Hospital is easy via **HealthLink or post**.

Once submitted, a member of our patient advisor team will be in touch to arrange a consultation with your patient.

Referring a patient for a consultation

via Healthlink

Patients can be referred instantly via Healthlink by choosing Kingsbridge Private Hospital Group - Belfast, North West or Sligo.*

*Cross Border patients can only be referred to Belfast or North West.

Payment Options Available

At Kingsbridge Private Hospital Group, we believe that your patient shouldn't have to wait when it comes to their health. That's why we provide a range of options to access world-class experts when patients need them most.

Self-Funders

Our self-pay option makes fast access to a diagnosis and treatment available to everyone, not just those with health insurance.

- Rapid access to a Consultant of your choice.
- All-inclusive treatments with a fixed price up-front, following the initial consultation.**
- No unexpected bills or charges.

*Fixed price is payable in full in advance of surgery date.
Please refer to our fixed price terms and conditions on our website.

Private Health Insurance

We work with all major health insurance providers in the Republic of Ireland.

Kingsbridge
Belfast

Kingsbridge
North West

Kingsbridge
Sligo

When your patient attends Kingsbridge Private Hospital for treatment, it is important that they bring their health insurance details with them.

Cross Border Patients

How can my patient access the NI Planned Healthcare Scheme?

The Cross Border Healthcare Directive (CBD) was a piece of EU legislation that entitled patients in Ireland to avail of faster treatment or surgery across the border in Northern Ireland or in any other EU state.

This is now operating under new legislation as the **Northern Ireland Planned Healthcare Scheme**, however the pathway is exactly the same. Patients can simply follow the steps below to get their treatment started.

- 

1 The patient contacts the Kingsbridge Private Hospital Cross Border Team on **01 968 2000** or by emailing **crossborder@kingsbridgeprivatehospital.com**
- 

2 The patient will be assigned to a specific Consultant, and provided with a date, time and location for their appointment. This will also be confirmed in a letter by email/post.
- 

3 The patient requests a referral letter from their GP which must contain the name and address of the Kingsbridge Private Hospital and the clinical specialty to which they are attending.
- 

4 The patient attends their appointment at Kingsbridge Private Hospital where all paperwork will be arranged for submission to the HSE. For inpatient surgery, approval is usually granted by letter within 4 weeks. For day cases e.g. cataracts, there is no need for prior approval.
- 

5 The patient then contacts Kingsbridge Private Hospital to arrange a surgery date along with payment options. Payment is settled 5 days before admission date.
- 

6 The patient attends for surgery and is discharged with a pro forma invoice to be posted to the HSE for reimbursement (generally within 10 - 12 weeks), post-op discharge plan, and any relevant information required should the patient experience post-op complications.

Did you know?

Hip & knee replacement surgery, among other procedures are now fully reimbursed?

View our most common treatments and surgeries available under the NI Planned Healthcare Scheme and their reimbursement rates over on the following page.

Cross Border Patients

Procedure price list examples*

Procedure	Price from	Maximum Rate of Reimbursement	Shortfall/ Cost to patient
ACL	€7,740	€8,367	€0

Working with GPs & Healthcare Professionals

At Kingsbridge Private Hospital we have a dedicated GP Liaison team who work closely with GPs and healthcare professionals to ensure that you are kept informed about new hospital services, latest developments and referral pathways.

FREE CPD Approved Educational Events

We offer a range of educational events for GPs and healthcare professionals throughout the year. Our events are created specifically for healthcare professionals and are delivered by our highly respected Consultants.

The events provide an opportunity for professionals to share knowledge, expertise and develop good working relationships. These events enable us to maintain our partnerships with you and ensure you are kept up to date with the latest thinking and best practice of our Consultants. Each event provides clinicians with a CPD certificate of attendance.

Educational evenings include the following specialties:

- ✓ Cardiology
- ✓ Gastroenterology
- ✓ General Surgery
- ✓ Cosmetic Surgery
- ✓ ENT
- ✓ Gynaecology
- ✓ Ophthalmology
- ✓ Orthopaedics
- ✓ Radiology
- ✓ Urology
- ✓ Dermatology
- ✓ Pain Management

In house Educational Visits & FREE CPD Training

Opportunities can be arranged such as 'Lunch & Learn' practice visits from Consultants and Specialists. We will bring lunch and one of our leading Consultants will visit your practice and speak on a topic of your choice, including current trends, new developments and relevant case studies*

Educational lunch sessions can be conducted in person or digitally via webinar.

Other services offered:

- ✓ Complimentary in-practice CPR & AED sessions*
- ✓ Patient information stands & patient information packs
